

00:40:59 adam childs: Like the head and shoulders can you times these values by 2 or 3 etc

01:00:41 Pouyan Zolfagharnia: Should the 2 trend lines in a price channel remain exactly parallel? or can they have different gradients?

01:01:37 Maya Bothe: Me too. I only use them parallel

01:02:12 Wyatt Fellows: ditto maya

01:08:36 Matthieu Kaiser: is the categorization of these patterns among continuation/reversal/momentum types always that clear-cut? can't a pattern be of continuation type most of the times and reversal some other times, for example?

01:17:01 Matthieu Kaiser: Maya is Gann reincarnate ;-)

02:08:11 Matthieu Kaiser: correct

02:08:25 Matthieu Kaiser: conjunct Uranus, sextile Mars

02:09:39 adam childs: there is a pluto retrograde right at the end of the onth

02:09:57 Beth Woody: Mars Ingress Pisces 4/15

02:10:00 Wyatt Fellows: mars entering pisces on 14th may add some energy to whatever is going on

02:10:03 Matthieu Kaiser: and you'll have many planets in their dignities then: exalted Moon, exalted Venus, Jupiter in its sign, Mercury too

02:10:15 Matthieu Kaiser: Saturn in its own sign too

02:10:22 Matthieu Kaiser: no, the eclipse

02:10:44 adam childs: 30th I think

02:11:28 Danica Cordell-Reeh: Would you look at the Vix for the Dow

02:20:35 Ali Alvarado Atias: Ray, with Utilities, and in general Defensive sectors rallying, as well as the 2-10 Yield curve inversion (signaling a potential recession relatively soon), at what levels would you turn bearish?

02:20:45 adam childs: A Book written by someone called Bill Merridean says Neptune in fire signs creates very High inflation I am not sure when Neptune goes into Aries

02:20:48 Matthieu Kaiser: on fundamental side for the coming week, we have the Fed of NY releasing consumer inflation expectations on Monday - that may well go in the direction of higher volatility and lower stock prices

02:22:41 adam childs: I think the stock market can still rally for a while after yield curve inversion maybe for 6-12 months

02:23:28 Matthieu Kaiser: this is what China did, triggering the sell-off in the market

02:23:41 Pouyan Zolfagharnia: Saturn in Aqu also affecting Cryptos. They made their double tops with the two ingresses of Jupiter in Aqu and then fell off.

02:23:54 Maya Bothe: Target in the S&P 4429 (and eventually 4400 / 4336)

02:24:11 Renato Ricks: There is an alternate bearish case for the dow. 08/11/2021 left shoulder, 04/01/2022 - head, 09/02/2022 - right shoulder - price cluster 29000 1st target, price cluster 27000-27500 2nd target, price cluster 25000-25500 3rd target.

02:25:48 Wyatt Fellows: its the switch back to widening of that curve that you got to worry about

02:27:45 adam childs: interesting

02:32:31 Din Uppal: yes

02:32:57 adam childs: they are looking at Taiwan as well

02:34:07 adam childs: Taiwan is part of China

02:34:49 Matthieu Kaiser: also the Chinese real estate market is imploding

02:35:32 Daniel Ineichen:there are all this rumours about Putin having cancer. It might be his last fight anyways

02:36:39 adam childs: Yes but if china and India ad Russia are 3 billion people with lots of resources so they may be fine

02:37:06 Matthieu Kaiser: that may look like a sideshow, but brace yourself for a surprise in the French presidential elections tomorrow - that would be huge for Europe, thus for markets (namely EURUSD)

02:38:47 Wyatt Fellows: that's interesting matthieu...I've read some stuff on French elections and thought same thing with the euro...especially in this big crd window.

02:40:34 Din Uppal: It is so hard get balanced news these days. The news coverage I see in India about the War is so different to that in the UK/USA

02:41:18 Wyatt Fellows: what are some of the major differences Din?

02:41:32 adam child: Din It is hard to know what to believe

02:42:56 Pouyan Zolfagharnia: Mathieu isn't France aligned to the Jupiter-Neptune harmonics too?

02:43:37 Din Uppal: Indeed it is hard to hard find objective news and believe.

02:43:56 Pouyan Zolfagharnia: a new birth

02:43:59 Matthieu Kaiser: we've got this amazing alignment of Jupiter-Neptune in Pisces and this major election

02:44:08 Pouyan Zolfagharnia: wow

02:45:01 Pouyan Zolfagharnia: This is fascinating, thank you for raising with us

02:45:47 adam child: I have read they think some French mercenaries are in Marihopol which could be bad for macron if it got out

02:45:59 Ibrahim Koné: Do you see gold rising with the stock market?
