

00:23:16 Rita Perea: Hi everyone! Happy Saturday!

00:23:54 Merriman Market Analyst: 😊

00:25:52 Rita Perea: Gianni, I am forgetting...when do we receive the Ken Lau calculator for crossover zones?

00:26:16 Merriman Market Analyst: You will receive today if Alie gets this message

00:26:37 Rita Perea: Awesome! Thank you!

00:27:07 Martha Geiger: You could share a link

00:27:40 Danica Cordell-Reeh: skype. sometimes works for sharing large files

00:28:05 Matthieu Kaiser: wetransfer.com

00:28:48 Eleonore Charrez: and if you just put it on your website ? with the course notes ?

00:29:01 Matthieu Kaiser: good idea

00:43:23 vincent wang: ken liao ?

00:44:17 vincent wang: thanks

00:44:53 Martha Geiger: Hi guys- I'm drawing a blank. How would I look for that prior mailing? Email? What was the subject?

00:45:19 Rita Perea: Welcome Kat Powell! We're honored to have you here today!

00:46:03 Martha Geiger: mwgeiger@aol.com thanks

00:48:41 Rita Perea: Ray, my Metastock subscription just ended. I wasn't on the MMA discount plan. Can I re-subscribe to Metastock using the MMA discount? If so, how would I do this? Thank you!

00:48:48 Merriman Market Analyst: It is sent to you Martha

00:50:16 Martha Geiger: Got it!

00:50:44 Rita Perea: Ray, I would like to renew my subscription with the MMA discount please. Thank you for arranging this for us :)

00:50:46 Merriman Market Analyst: I will need to do it for you, Rita. But our subscriptions begin and renew June 27

00:51:43 Rita Perea: Sounds great. I will wait patiently for the renewal. Thank you, Ray!

00:52:44 Merriman Market Analyst: I will let Jeff Gbby know to renew you now

00:53:48 Rita Perea: Very good! Thank you.

01:04:59 Ibrahim Koné: Ray you mentioned July 6-20 as important period for BTC

01:06:55 Martha Geiger: Any update on the coinbase potential bankruptcy?

01:07:27 Ibrahim Koné: could show the cross over zone for ETH as it seems it is leading the market on the downside?

01:08:26 Pouyan Zolfagharnia: we can't see the chart Gianni

01:10:58 vincent wang: see ya

01:11:25 Eleonore Charrez: Why not oil, gold silver ?

01:15:16 adam childs: what about Neptune going retrograde

01:15:29 adam childs: that in about two weeks

01:19:12 Eleonore Charrez: neptune ruling oil, couldn't Rx neptune stop the up move and push it to a sideways move ?

01:20:05 Eleonore Charrez: yes sjure, but that the market continues more to a sideways 100 - 120 ?

01:20:32 Vito Mijal-PAsa: first leg for this 3 year cycle might be in place , if so from Elliot wave point of view , it is normal for the prices to retrace back to 67 level I would have thought before Marches on

01:20:51 Eleonore Charrez: till neptune goes direct again in december ?

01:24:13 Danica Cordell-Reeh: martin armstrom has crude into 2023 possibly hitting \$230

01:24:26 jeff hanus: how about the dow

01:24:33 Vito Mijal-PAsa: 1st wave from 2020 low I count 5 waves upward from 2020 low

01:24:41 Eleonore Charrez: gold silver, we can ask Ray to cover next Week. Thks Gianni

01:25:15 Vito Mijal-PAsa: so 4th wave could be around 67

01:26:04 Ali Alvarado Atias: 4th waves tend to retreat to a 4th wave of one lesser degree, so one needs to go into the shorter timeframes

01:26:23 Vito Mijal-PAsa: unfortunately Elliot a bit subjective , correct retrace ment can come in various waves

01:26:59 Vito Mijal-PAsa: ABC correction could be Zig Zag, Expanded flat , or triangle

01:27:37 Vito Mijal-PAsa: Spot on what she is saying

01:28:34 Vito Mijal-PAsa: this might be 4th wave correction of the first leg as well ofcourse

01:29:51 Vito Mijal-PAsa: I found Downward channel as well does quite often give the termination point should it develop that way

01:34:07 Vito Mijal-PAsa: if this is C it can be quite NASTY, so it is normal 87 to 92.5 before it goes back up to 120 is but the way it does this is the trick . If it is Impulse or Corrective

01:36:29 Vito Mijal-PAsa: Not really but something to notice

01:47:14 Vito Mijal-PAsa: Looks like an EXPANDED flat to me KAT

01:47:42 Vito Mijal-PAsa: working the C wave down , that's how I see on this chart

01:48:04 Abhishek Singh: Hi Kat , Soybeans could be an ending diagonal for 5 wave sequence starting Nov 2021 & push upside could be time to be careful at tops

01:48:55 Rita Perea: Wow, Kat! Thank you for sharing your wisdom and knowledge with us today. Much appreciated!

01:48:59 Vito Mijal-PAsa: This is also true Abhishek , this is where time needed to determine I guess

01:49:31 Abhishek Singh: Yes Vito

01:49:51 Eleonore Charrez: but jup goes into pisces much later in year....

01:51:31 Rita Perea: Thanks Gianni! Great class today!

01:52:33 Eleonore Charrez: well.... it will depend on Ukraine war, and how long it will last ..

01:52:40 adam childs: Stagflation

01:52:47 adam childs: thank you :-)

01:52:52 Eleonore Charrez: and the longer it lasts, the more the world will move into division.

01:52:53 Ali Alvarado Atias: ty

01:52:56 Eleonore Charrez: many thanks !!!

01:53:06 Abhishek Singh: Thank you Gianni

01:53:06 Yating Hu: Thank you!

01:53:07 Ibrahim Koné: thank you all - thanks Kat for sharing was great!
